## INTRODUCTION

---

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 08-1 ("CFD No. 08-1") of the City of Anaheim (the "City") resulting from the sale of the \$28,630,000 Special Tax Bonds issued in August 2010 (the "Bonds"). CFD No. 08-1 issued \$60,000,000 in bonds in August 2016 (the "2016 Bonds") to refund the 2010 Bonds as well as issue new money to fund additional facilities.

CFD No. 08-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982 (the "Act"), as amended. The Act provides a method for the financing of certain public capital facilities and services. Specifically, CFD No. 08-1 is authorized to issue up to \$480,000,000 in bonds. The current outstanding principal amount is equal to \$59,695,000, which is based on principal paid through September 1, 2017. The 2016 Bonds are scheduled to be paid off in 2046. Additional bonds will be issued in the future which would be paid off after 2046. Pursuant to the Rate and Method of Apportionment ("RMA") the special tax shall be levied on each parcel for a period not to exceed forty years from the Fiscal year in which such parcel is first classified as Developed Property or Existing Property, provided however, that for a parcel of Existing Property that is later reclassified as Approved Property or Developed Property, the forty year period shall be determined based on the Fiscal year in which such parcel is first classified as Developed Property. Notwithstanding the foregoing no special tax shall be levied after Fiscal Year 2059-2060.

The bonded indebtedness of CFD No. 08-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within the community facilities district. In calculating the special tax liability for Fiscal Year ("FY") 2018-2019, this report examines the current and prior fiscal years' financial obligations as well as recent development activity.

This report is organized into the following sections:

- Section I - Background
- Section II –Special Tax Requirement
- Section III – Special Taxes
- Section IV – Special Tax Classifications and Development Status
- Section V – Delinquent Special Taxes
- Section VI – Funds and Accounts
- Section VII - Disclosure Reports and Notices

## **I. BACKGROUND**

---

### **CFD LOCATION AND BOUNDARIES**

CFD No. 08-1 (commonly known as "Platinum Triangle") encompasses approximately 417 acres located in the area of the City of Anaheim known as the Platinum Triangle, of which 409 acres was included at CFD formation and 7.7 gross acres were annexed into CFD No. 08-1 as part of Annexation No. 1, as described below. Platinum Triangle is located at the I-5 and SR-57 freeway intersection.

On December 5, 2017, the City Council of the City, pursuant to the Mello-Roos Community Facilities Act of 1982, adopted a resolution that annexed certain territory identified as Annexation No. 1 into CFD No. 08-1.

A map showing the boundaries of CFD No. 08-1, including Annexation No. 1, is included in Exhibit A.

### **CFD FORMATION**

On January 29, 2008 the City Council of the City of Anaheim (the "City") acting on behalf of CFD No. 08-1 adopted a resolution of intention to establish the CFD, authorize the levy of special taxes pursuant to the Rate and Method of Apportionment of Special Tax (the "RMA"), and incur bond indebtedness in an amount not to exceed \$480,000,000. A public hearing was held on March 4, 2008 and an election was conducted on July 24, 2008 in which the qualified electors voted to authorize the issuance of up to \$480,000,000 in bonds and approved the levy of special taxes.

### **CFD BONDED INDEBTEDNESS**

Special tax bonds in the amount of \$28,630,000 were issued in August 2010 (the "Bonds"). CFD No. 08-1 issued \$60,000,000 in bonds in August 2016 (the "2016 Bonds") to refund the 2010 Bonds.

### **FACILITIES FINANCED BY CFD No. 08-1**

A general description of the facilities authorized to be funded by CFD No. 08-1 is listed below.

- Street improvements, including grading, paving, curbs and gutters, sidewalks, street signalization and signage, street lights, parkway and landscaping related thereto;
- Sewer improvements;
- Storm drain improvements;
- Water facilities; and
- Electric utility facilities.

## II. SPECIAL TAX REQUIREMENT

The FY 2018-2019 special tax requirement for CFD No. 08-1 is \$3,026,832. The special tax requirement, as defined in the RMA, means that amount required or estimated to be required in any fiscal year to pay: (1) debt service and other periodic costs on the 2016 Bonds due in the calendar year commencing in such fiscal year; (2) directly for the acquisition or construction of authorized facilities of CFD No. 08-1, to the extent that the inclusion of such amount does not increase the special tax levy beyond the first step in Section F of the RMA; (3) administrative expenses; (4) any amount required to increase the amount on deposit in any reserve fund established for the 2016 Bonds to the reserve requirement applicable thereto; (5) for reasonably anticipated delinquent special taxes based on the delinquency rate for special taxes levied in the previous fiscal year; and (6) the costs of remarketing, credit enhancement and liquidity facility and reserve surety fees; less (7) a credit for funds available to reduce the annual special tax levy, as determined by the CFD Administrator pursuant to the Indenture. The debt service schedule for the 2016 Bonds is included in Exhibit B. The FY 2018-2019 special tax requirement is shown in Table II-1 and the percentage allocation of budgeted expenditures by line item is shown in Graph II-1 below.

### III. SPECIAL TAXES

---

The RMA contains the special tax property classifications and special tax apportionment methodology. A copy of the RMA is included in Exhibit C.

The RMA defines Developed Property, Existing Property, Approved Property, and Undeveloped Property as shown below:

- **Developed Property** means, for each Fiscal Year, all Taxable Property, exclusive of Taxable Property Owner Association Property or Taxable Public Property, for which a building permit for construction of new building square footage (excluding any permits for additions to Existing Property where the addition is less than 1,000 square feet) was issued after January 1, 2005 and prior to September 1 of the prior Fiscal Year.
- **Existing Property** means, for each Fiscal Year, (i) any Existing Arena Facility Possessory Interests and Existing Stadium Facility Possessory Interests and (ii) all other Taxable Property which has an improvement value that is greater than zero as provided by the County Assessor and which is not classified as Developed Property, Approved Property, Taxable Property Owner Association Property, or Taxable Public Property.
- **Approved Property** means, for each Fiscal Year, all Taxable Property for which a Development Agreement was executed and delivered by the City after August 24, 2004 and prior to March 1 of the previous Fiscal Year and which is not classified as Developed Property.
- **Undeveloped Property** means, for each Fiscal Year, all Taxable Property not classified as Developed Property, Approved Property, Existing Property, Taxable Property Owner Association Property, or Taxable Public Property.

The RMA apportions the special tax requirement in seven steps as follows:

- First, the special tax shall be levied proportionately on each parcel of Developed Property and Existing Property at up to 100% of the applicable Assigned Special Tax for Developed Property and at up to 90% of the Maximum Special Tax for Existing Property. If the resulting special taxes are less than the special tax requirement, the second step is applied.
- Second, the special tax shall be levied proportionately on each parcel of Approved Property at up to 90% of the Maximum Special Tax. If the resulting special taxes are less than the special tax requirement, the third step is applied.
- Third, the special tax shall be increased proportionately on each parcel of Approved Property and Existing Property at up to 100% of the Maximum Special Tax for Approved Property or Existing Property, as applicable. If the resulting special taxes are less than the special tax requirement, the fourth step is applied.
- Fourth, the special tax shall be levied proportionately on each parcel of Undeveloped Property at up to its Maximum Special Tax. If the resulting special taxes are less than the special tax requirement, the fifth step is applied.

- Fifth, the special tax on each parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Maximum Special Tax for such parcels. If the resulting special taxes are less than the special tax requirement, the sixth step is applied.
- Sixth, the special tax shall be levied proportionately on each parcel of Taxable Property Owner Association Property at up to its Maximum Special Tax. If the resulting special taxes are less than the special tax requirement, the seventh step is applied.
- Seventh, the special tax shall be levied proportionately on each parcel of Taxable Public Property at up to its Maximum Special Tax.

The special tax requirement for FY 2018-2019 equals \$3,026,832. Application of the special taxes under the first step generates special tax revenues of \$3,026,832 from Developed Property and Existing Property, which is equal to the FY 2018-2019 Special Tax Requirement. Therefore, special taxes will not be levied beyond the first step. Please note that special taxes were levied on Approved Property last year, but will not need to be levied this year since it is part of the second step. The FY 2018-2019 special taxes levied on each classification of property are shown in Table III-1 below. For comparison, the amounts levied in FY 2017-2018 are also shown. The Special Tax Roll, which lists the actual special tax levied against each parcel, is shown in Exhibit D.

**BILLING AND COLLECTION OF SPECIAL TAXES**

CFD No. 08-1 special taxes are billed and collected, along with regular property taxes, by the Treasurer Tax Collector of the County of Orange. In accordance with the Act, the special taxes are submitted to the Auditor-Controller of the County of Orange in August each year. As required by the County of Orange, the submittal package includes a certified copy of the resolution authorizing the levy of the special taxes along with the list of special taxes by Assessor's Parcel Number in the specified electronic format. The County of Orange has assigned District Code 051 - Tax Code R2 to CFD No. 08-1. The FY 2018-2019 special taxes are expected to be remitted to the City by the Treasurer Tax Collector in accordance with the following FY 2017-2018 schedule:

- Secured Payment #1    November 7
- Secured Payment #2    November 28
- Secured Payment #3    December 18
- Secured Payment #4    January 9
- Secured Payment #5    March 6
- Secured Payment #6    April 17
- Secured Payment #7    May 22
- Secured Payment #8    July 16

**MAXIMUM SPECIAL TAX**

Pursuant to Section C of the RMA, the Maximum Special Tax for a parcel of Developed Property is equal to the greater of (i) the Backup Special Tax or (ii) the Assigned Special Tax set forth in Table 1 of the RMA. Please note that the Assigned Special Tax and Maximum Special

Tax may be reduced after all bonds have been issued and certain requirements have been met as explained in Section E of the RMA. The Backup Special Tax for existing Developed Property is equal to \$0. The Backup Special Tax applicable to future Developed Property will be calculated each time a bond is issued or property is annexed into CFD No. 08-1. For purposes of this report, all discussion of the Maximum Special Tax for Developed Property focuses on the Assigned Special Tax set forth in Table 1 of the RMA.

The FY 2018-2019 Assigned and Maximum Special Taxes vary by land use type and by residential floor area in the case of residential property and are shown in Table III-2 below.

On each July 1, the Assigned and Maximum Special Taxes shall be increased by an amount equal to two percent (2%) of the amount in effect for the previous fiscal year; provided however, if the Special Taxes for any fiscal year are reduced pursuant to Section E of the RMA, the Maximum Special Taxes for such fiscal year shall be the amounts calculated in Section E.3 of the RMA.

**TABLE IV-1**  
**CITY OF ANAHEIM CFD NO. 08-1**

Developed Property includes all parcels for which a building permit was issued as of the September 1 preceding the fiscal year for which the special tax is being levied. Hence, all property in CFD No. 08-1 for which building permits were issued prior to September 1, 2017 will be classified as Developed Property in FY 2018-2019. Review of the City of Anaheim’s building permit records indicated that between September 1, 2016 and August 31, 2017 building

permits for 746 units of Residential Property were issued for property within CFD No. 08-1. A total of 4,500 units of Residential Property and 29,430 building square feet of Non-Residential Property within the district have been issued as of September 1, 2017. Of this development, the special tax obligation for 1,833 units of Residential Property and 11,807 building square feet of Non-Residential Property has been prepaid as shown in the Prepayments section below. This leaves a total of 2,667 residential units and 17,623 building square feet of Non-Residential Property which remain subject to the special tax.

Existing Property includes the footprint area of the arena (3.68 acres) and stadium property (20.00 acres) and all other Taxable Property which have an improvement value that is greater than zero as provided by the County Assessor and which is not classified as Developed Property, Approved Property, Taxable Property Owner Association Property, or Taxable Public Property. As of January 1, 2018 there were 82.45 acres of Existing Property.

Approved Property includes all Taxable Property for which a Development Agreement was executed and delivered by the City after August 24, 2004 and prior to March 1 of the previous Fiscal Year and which is not classified as Developed Property. As of March 1, 2018 there were 69.41 acres of Approved Property, including the 7.7 acres in Annexation No. 1.

Undeveloped Property includes all Taxable Property not classified as Developed Property, Approved Property, Existing Property, Taxable Property Owner Association Property, or Taxable Public Property. As of January 1, 2018 there were 3.25 acres of Undeveloped Property.

## DEVELOPMENT STATUS

As shown in Table IV-2 below, CFD No. 08-1 includes a total of 2,667 residential dwelling units and 17,623 building square feet of Non-Residential Property that are subject to the special tax. In addition, the table below includes the current amount of Existing Property, Approved Property, and Undeveloped Property acreage.

**V. DELINQUENT SPECIAL TAXES**

As of July 16, 2018, the County had collected all \$2,827,373 of special taxes levied for FY 2017-2018, as presented in Table V-1 below. Delinquent special taxes are subject to the same penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for ad valorem property taxes and are also subject to the foreclosure covenant provisions discussed below. Graph V-1 illustrates the trend in special tax delinquencies in recent years. Of the 194 parcels that were subject to the special tax, none failed to pay the FY 2017-2018 special taxes in a timely manner. A detailed report of delinquent parcels is included as Exhibit E.

CFD No. 08-1 has covenanted to commence foreclosure proceedings no later than October 1 of each year on any parcel with delinquent special taxes as of August 15 of such year provided, however, that CFD No. 08-1 shall not be required to commence foreclosure proceedings if (a) the total special tax delinquency in CFD No. 08-1 for such fiscal year is less than 5% of the total special tax levied in such year, and (b) the amount then on deposit in the Reserve Fund is equal to the Reserve Requirement. Notwithstanding the foregoing, CFD No. 08-1 shall diligently institute, prosecute and pursue foreclosure proceedings against any single property owner delinquent in excess of \$5,000 in the payment of special taxes.

As indicated in Exhibit E, there are no current or prior year delinquencies and CFD No. 08-1 is not obligated to commence foreclosure on any parcels.

## **VI. FUNDS AND ACCOUNTS**

---

### **DESCRIPTION OF FUNDS AND ACCOUNTS**

Eight funds for CFD No. 08-1 were established under the 2016 Indenture. These funds include the Costs of Issuance Fund, Improvement Fund, Special Tax Fund, Bond Fund, Redemption Fund, Reserve Fund, Rebate Fund, and Administrative Expense Fund.

The Costs of Issuance Fund was created exclusively to pay the costs of issuance of the 2016 Bonds. In January 2017, the Trustee transferred the amount remaining in the Costs of Issuance Fund to the Bond Fund and, upon making such transfer, the Costs of Issuance Fund was closed.

The Improvement Fund consists of two accounts: (i) the Proceeds Account and (ii) the Revenue Account. The Proceeds Account was created to hold bond proceeds to be used to pay for Facilities as defined in the 2016 Indenture. The Revenue Account was created to hold funds collected from prepayments to pay for Facilities as defined in the 2016 Indenture.

The Bond Fund was created exclusively for the payment of principal and interest and any premium on the bonds. Within the Bond Fund, the Trustee shall establish and maintain a separate account designated the Principal Account, and a separate account designated as the Interest Account.

The Fiscal Year 2008-09 Maximum Special Tax for Approved Property and Existing Property is shown below in Table 2.

**TABLE 2**

**D. BACKUP SPECIAL TAX**

**1. Calculation of Backup Special Tax**

The Backup Special Tax shall be applicable to all Developed Property and, except as provided in Sections D.2 and E below, shall be calculated by the CFD Administrator

on the date of closing of each issue of Bonds, the date of each annexation of property into CFD No. 08-1, and on July 1 of each Fiscal Year. The Backup Special Tax for each period calculated shall be the lesser of (a) \$100,000 per Acre, or (b) the amount per Acre calculated pursuant to the formula below, provided that the Backup Special Tax shall be \$0 if the amount calculated below results in an amount less than \$0 per Acre.

$$[(MADS \times 1.1) + AE - AST] \div BTA$$

MADS = The sum of the discounted maximum annual gross debt service for all Outstanding Bonds (including those Bonds currently being issued, if any).

MADS shall be computed by determining the Fiscal Year in which occurs the maximum aggregate annual gross debt service for all Bonds and discounting that amount from such Fiscal Year to the current Fiscal Year using a discount rate reflecting the actual rate of increase (if any) of the debt service on the Bonds.

AE = Estimated Administrative Expenses for the current Fiscal Year.

AST = The sum of the Assigned Special Tax that could be levied on all Developed Property in the current Fiscal Year, plus the Assigned Special Tax that could be levied in the current Fiscal Year for all Assessor's Parcels of Update Developed Property had they been classified as Developed Property in the current Fiscal Year, plus 90% of the Maximum Special Tax that could be levied on all Existing Property (excluding any Update Developed Property) in the current Fiscal Year.

BTA = The sum of the Acreage of property that is, as of the date of calculation, Approved Property (excluding Update Developed Property) that is within a Final Map, plus 85% of the Acreage of property that is, as of the date of calculation, Approved Property (excluding Update Developed Property) that is not within a Final Map, plus 85% of the Acreage of property that is, as of the date of calculation, Undeveloped Property (excluding Update Developed Property).

For the purpose of calculating the Backup Special Tax, the Acreage of a Condominium unit shall be computed from the Acreage of the lot or parcel on which the Condominium unit is located, with the Acreage for such lot or parcel allocated among all of the Condominium units located on such lot or parcel based on each Condominium unit's proportionate share of the total Tax Rate Factor for such lot or parcel as calculated by reference to Table 1.

In cases where a lot or parcel includes both Residential Property and Non-Residential Property (or Update Developed Property that will be classified as Residential Property or Non-Residential Property), the Acreage apportioned to each land use shall be based on that land use's share of the total Residential Floor Area and Non-Residential Floor Area on such parcel.

## 2. Increase in the Backup Special Tax

The Backup Special Tax determined pursuant to Section D.1.(a) shall be applicable for Fiscal Year 2008-09, and shall increase by two percent (2%) annually each Fiscal Year, commencing on July 1, 2009. The Backup Special Tax determined pursuant to Section D.1.(b) shall be applicable in the Fiscal Year it is calculated, unless it is recalculated in such Fiscal Year in connection with an issuance of CFD No. 08-1 Bonds or the annexation of property into CFD No. 08-1.

Except as provided in Section E below, when a building permit is issued for an Assessor's Parcel, its Backup Special Tax shall be permanently set based on the Backup Special Tax rate then in effect and said Backup Special Tax on such Assessor's Parcel shall increase by two percent (2%) each Fiscal Year, commencing on July 1, 2009, regardless of the issuance of additional CFD No. 08-1 Bonds or the annual recalculation of the Backup Special Tax.

## E. SPECIAL TAX REDUCTION

The following definitions apply to this Section E:

**"Annual Debt Service"** means, for each Bond Year, the sum of (a) the interest due on the Outstanding Bonds in such Bond Year, assuming that the Outstanding Bonds are retired as scheduled (including by reason of mandatory sinking fund redemptions), and (b) the principal amount of the Outstanding Bonds due in such Bond Year (including any mandatory sinking fund redemptions due in such Bond Year).

**"Bond Year"** the period starting September 2 and ending on the following September 1.

**"Corresponding Bond Year"** means, for any Fiscal Year, the Bond Year that commences in such Fiscal Year.

**"Debt Service Coverage"** means, as of the Initial Determination Date or any Subsequent Determination Date, for any Fiscal Year, the quotient, expressed as a percentage, of (a) the Net Projected Special Tax Revenues for such Fiscal Year, divided by (b) the Annual Debt Service for the Corresponding Bond Year.

**"Net Projected Special Tax Revenues"** means, as of the Initial Determination Date or any Subsequent Determination Date, for any Fiscal Year, the remainder of (a) the Projected Special Tax Revenues for such Fiscal Year, minus (b) the Projected Administrative Expenses for such Fiscal Year.

**"Projected Administrative Expenses"** means, as of the Initial Determination Date or any Subsequent Determination Date (a) for the Fiscal Year in which such Initial Determination Date or Subsequent Determination Date occurs, 110% of the average actual Administrative Expenses for the preceding five Fiscal Years, and (b) for any subsequent Fiscal Year, the amount resulting from increasing the Projected Administrative Expenses on each July 1, from and including the July 1 next succeeding such Initial Determination Date or Subsequent

Determination Date to and including the July 1 in such Fiscal Year by 2% of the amount in effect for the previous Fiscal Year.

**"Projected Special Tax Revenues"** means, as of the Initial Determination Date or any Subsequent Determination Date, for any Fiscal Year, based on the tax classifications for the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date, the sum of (a) the amount of Assigned Special Taxes that may be levied on all Developed Property pursuant to the Act and this Rate and Method of Apportionment in such Fiscal Year taking into account the loss of any Special Taxes from Developed Property that will no longer be taxed pursuant to Section K (Term of Special Tax), plus (b) 90% of the amount of Maximum Special Taxes that may be levied on all Existing Property pursuant to the Act and this Rate and Method of Apportionment in such Fiscal Year.

**"Reduction Percentage"** means, as of the Initial Determination Date or any Subsequent Determination Date, if (a) the Assigned Special Tax for each category of Developed Property (based on the tax classifications for the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date) is reduced by an equal percentage amount in each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds, (b) the Maximum Special Tax for Existing Property (based on the tax classification for the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date) is reduced by an equal percentage amount in each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds, and (c) the Assigned Special Tax for Developed Property and the Maximum Special Tax for Existing Property are reduced by an equal percentage amount in each such Fiscal Year, the greatest percentage amount by which the Assigned Special Tax for each category of Developed Property and the Maximum Special Tax for Existing Property could be reduced that would not cause the Debt Service Coverage in any Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds to be less than 120%. If the Debt Service Coverage is less than 120% the Reduction Percentage shall equal 0%.

## **1. Initial Determination of Reduction**

On the first April 1 following the date that (i) all authorized Bonds have been issued or the Council has adopted a resolution determining that CFD No. 08-1 will not issue any additional Bonds (except refunding Bonds in accordance with the Act) and (ii) the Council has adopted a resolution determining that the Special Tax will no longer be levied to pay directly for the acquisition or construction of improvements identified in the Implementation Plan including those improvements referred to as "unfunded," the CFD Administrator shall determine if all of the following are true:

- (a) The balance in the reserve fund established under the Indenture is at or above the Reserve Requirement;

- (b) CFD No. 08-1 is not in default in the payment of interest on and principal of all Outstanding Bonds;
- (c) Debt Service Coverage for each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds is at least equal to 100%; and
- (d) The delinquency rate as of June 30 of the prior Fiscal Year for Special Taxes levied for each prior Fiscal Year did not exceed ten percent (10%) of the amount levied for such Fiscal Year.

If all four of the above items are true, then the Assigned Special Tax and Backup Special Tax for all parcels of Developed Property and the Maximum Special Tax for all parcels of Existing Property, Approved Property, Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property shall be reduced by the amount, if any, determined in Section E.3.

If any one of the four items is not true as of the first April 1 following the date that all authorized Bonds have been issued or the Council has adopted a resolution determining that CFD No. 08-1 will not issue any additional Bonds (except refunding Bonds in accordance with the Act), then the CFD Administrator shall continue to make such determination each following April 1, until all of the tests are met.

The first April 1 on which all four items are true shall be considered the Initial Determination Date.

## **2. Subsequent Determination of Reduction**

On each April 1 for nine consecutive years following the Initial Determination Date, the CFD Administrator shall determine if all four of the items in Section E.2 are true.

If all four items are true as of such Subsequent Determination Date, then the Assigned Special Tax and Backup Special Tax for all parcels of Developed Property and the Maximum Special Tax for all parcels of Existing Property, Approved Property, Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property shall be reduced by the amount, if any, determined in Section E.3.

If any one of the four items is not true, then the Assigned Special Tax and Backup Special Tax for all parcels of Developed Property and the Maximum Special Tax for all parcels of Existing Property, Approved Property, Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property shall not be reduced and shall remain at the amount that otherwise would have been in effect pursuant to this RMA.

## **3. Calculation of Reduction**

The Special Tax reduction shall be calculated by the CFD Administrator as follows:

- (a) Determine the Projected Special Tax Revenues for each Fiscal Year

from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds;

- (b) Determine the Projected Administrative Expenses for each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds;
- (c) Determine the Debt Service Coverage for each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds;
- (d) Determine the Reduction Percentage.

The Assigned Special Tax for each Land Use Class of Developed Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

The Maximum Special Tax for Existing Property and Approved Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

The Maximum Special Tax for Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

The Backup Special Tax for Developed Property shall be reduced to \$0 commencing on the July 1 following the Initial Determination Date.

#### **4. Certificate of CFD Administrator**

Upon completion of the tests identified in Section E.1 and the calculations in Section E.3, the CFD Administrator shall prepare a Certificate of CFD Administrator that sets forth the results of such tests and the resulting reduced Special Tax rates.

#### **5. Recordation of Revised Notice**

Upon receipt of a Certificate of CFD Administrator, an addendum to the Notice of Special Tax Lien shall be recorded. Such addendum shall include the tables in the form of Exhibit C and shall clearly set forth the revised Special Tax rates.

**F. METHOD OF APPORTIONMENT OF THE SPECIAL TAX**

Commencing with Fiscal Year 2009-10 and for each following Fiscal Year, the CFD Administrator shall determine the Special Tax Requirement and the Council shall levy the Special Tax as follows:

First: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property and Existing Property at up to 100% of the applicable Assigned Special Tax for Developed Property and at up to 90% of the Maximum Special Tax for Existing Property, as applicable, as needed to satisfy the Special Tax Requirement;

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Approved Property at up to 90% of the Maximum Special Tax for Approved Property as needed to satisfy the Special Tax Requirement;

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, the levy of the Special Tax for each Assessor's Parcel of Approved Property and Existing Property shall be increased Proportionately at up to 100% of the Maximum Special Tax for Approved Property or Existing Property, as applicable;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement after the first four steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

Sixth: If additional monies are needed to satisfy the Special Tax Requirement after the first five steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property at up to 100% of the Maximum Special Tax for Taxable Property Owner Association Property, as applicable; and

Seventh: If additional monies are needed to satisfy the Special Tax Requirement after the first six steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to 100% of the Maximum Special Tax for Taxable Public Property.

Notwithstanding the above, under no circumstances shall the Special Tax levied against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased by more than 10% as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 08-1.

**G. EXEMPTIONS**

In accordance with law, property owned by a public agency at the time of formation of CFD No. 08-1 (excluding all property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act) shall be exempt from the Special Tax so long as such property continues to be owned by a public agency.

In addition, no Special Tax shall be levied in any Fiscal Year on up to 50 Acres of property that is classified for such Fiscal Year as Property Owner Association Property or Public Property that is within the Original CFD Property. Tax-exempt status will be assigned by the CFD Administrator in the chronological order in which property becomes Property Owner Association Property or Public Property.

No Special Tax shall be levied on Public Property that is not within the Original CFD Property.

Property Owner Association Property or Public Property that is not exempt from the Special Tax under this section shall be classified as Taxable Property Owner Association Property or Taxable Public Property and be subject to the levy of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

**H. APPEALS**

Any property owner claiming that the amount or application of the Special Tax is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the City Council and the decision of the City Council shall be final. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

**I. MANNER OF COLLECTION**

The Special Tax shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 08-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations.

**J. PREPAYMENT OF SPECIAL TAX**

The Special Tax may be prepaid as described below.

The following definitions apply to this Section J:

**"CFD Public Facilities Capacity"** means, as of any date, the sum of any construction proceeds previously generated and construction proceeds expected to be generated from future bond issues that can be supported from expected Special Tax revenues from all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and Existing Property within CFD No. 08-1 less estimated annual Administrative Expenses; provided however, that as of the date of formation of CFD No. 08-1, the CFD Public Facilities Capacity shall equal \$154.8 million; and provided further, that the CFD Public Facilities Capacity shall not exceed \$221.3 million in 2007 dollars, as escalated by the Construction Inflation Index on July 1, 2008, and on each July 1 thereafter. The CFD Administrator shall determine the CFD Public Facilities Capacity as of the date of each prepayment.

**"Construction Fund"** means a fund or account, however denominated, specifically identified in the Indenture to hold funds which are available for expenditure to acquire or construct public facilities eligible for financing by CFD No. 08-1 under the Act, including funds resulting from the levy of Special Taxes to pay directly for the acquisition or construction of authorized facilities.

**"Construction Inflation Index"** means, for a Fiscal Year, the annual percentage change in the Engineering News-Record Building Cost Index for the City of Los Angeles, measured as of the calendar year which ends in the previous Fiscal Year. In the event this index ceases to be published, the Construction Inflation Index shall be another index as determined by the CFD Administrator that is reasonably comparable to the Engineering News-Record Building Cost Index for the City of Los Angeles.

**"Future Facilities Costs"** means, as of any date, the CFD Public Facilities Capacity minus (i) public facility costs previously paid from the Construction Fund, (ii) moneys currently on deposit in the Construction Fund, and (iii) moneys currently on deposit in an escrow fund that are expected to be available to finance public facilities costs. Notwithstanding the foregoing, if the Council makes a covenant for the benefit of the owners of Bonds, that no additional Bonds (other than refunding Bonds issued under the Act) payable from the Special Tax will be issued by CFD No. 08-1, the Future Facilities Costs shall be reduced to \$0.

**"Outstanding Bonds"** means, for purposes of this Section J, all Bonds which are deemed to be outstanding under the Indenture after the first interest and/or principal payment date following the current Fiscal Year.

**"Reserve Fund"** means the fund established under the Indenture as a reserve for the payment of principal of, and interest and any premium on, the Bonds.

Tax permanently satisfied as described herein; provided that a prepayment may be made only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the Prepayment Amount (defined below) for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

The Prepayment Amount shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
Total:	equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be calculated as follows:

2. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax applicable for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Update Developed Property, compute the Assigned Special Tax and Backup Special Tax for that Assessor's Parcel as though it were already classified as Developed Property, based upon the building permit which has already been issued for that Assessor's Parcel.
3. (a) Divide the Assigned Special Tax computed pursuant to paragraph 2 by the total estimated Assigned Special Tax and Maximum Special Tax for all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and Existing Property within CFD No. 08-1, and  
  
(b) Divide the Backup Special Tax computed pursuant to paragraph 2 by the total estimated Backup Special Tax for Developed Property and Maximum Special Tax for Existing Property as of the date of the prepayment calculation for such parcel. For Update Developed

Property, Approved Property and Update Approved Property estimate the Backup Special Tax using the then applicable amount computed pursuant to Section D or Section E (adjusted to reflect the reduction in Maximum Special Tax revenues from any Assessor's Parcels which have prepaid their Special Tax obligation in full or in part).

4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be paid or redeemed (the "*Bond Redemption Amount*").
5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
6. Compute the current Future Facilities Costs.
7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "*Future Facilities Amount*").
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
9. Determine the Special Tax levied on the Assessor's Parcel in the current Fiscal Year which has not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Amount and the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "*Defeasance Amount*").
12. Verify the administrative fees and expenses of No. 08-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
13. The reserve fund credit (the "*Reserve Fund Credit*") shall equal the lesser of: (a) the expected reduction in the Reserve Requirement, if any, associated with the redemption of Outstanding Bonds as a result of the prepayment, or (b) the amount derived by subtracting the new

Reserve Requirement in effect after the redemption of Outstanding Bonds as a result of the prepayment from the balance in the Reserve Fund established under the Indenture on the prepayment date, but in no event shall such amount be less than zero.

14. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amount computed pursuant to paragraph 13 (the "*Prepayment Amount*").
15. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11, and 13 shall be deposited into the appropriate fund or account as established under the Indenture and be used to redeem Outstanding Bonds or make debt service payments thereon. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 08-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund or account established under the Indenture to be used with the next redemption of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel on which the Special Tax is prepaid and permanently satisfied pursuant hereto, the Council shall cause a notice of cancellation of special tax lien to be recorded in compliance with the Act, to indicate the prepayment and permanent satisfaction of such Special Tax and the cancellation of the Special Tax lien on such Assessor's Parcel.

## **B. Prepayment in Part**

The Special Tax on any Assessor's Parcel of Developed Property and Update Developed Property may be partially prepaid. The amount of the prepayment shall be calculated as in Section J.1.A, except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

- PP = the partial prepayment
- P<sub>E</sub> = the Prepayment Amount calculated according to Section J.1.A
- F = the percent by which the owner of the Assessor's Parcel is partially prepaying the Maximum Special Tax

A = the Administrative Fees and Expenses according to Section J.1.A

An owner of an Assessor's Parcel intending to partially prepay the Special Tax obligation shall provide the CFD Administrator with (i) written notice of intent to partially prepay and (ii) the percentage of the Special Tax to be prepaid. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the partial Prepayment Amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall (i) distribute the funds remitted to it according to Section J.1.A. and (ii) indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

## **2. Existing Property**

### **A. Prepayment**

The Special Tax at the Existing Property rate on any Assessor's Parcel of Existing Property may be prepaid. The Special Tax obligation at the Existing Property rate applicable to such Assessor's Parcel in CFD No. 08-1 may be prepaid and the obligation of the Assessor's Parcel to pay the Special Tax at the Existing Property rate satisfied as described herein; provided that if all or any portion of such Assessor's Parcel is, pursuant to the terms hereof, classified as Approved Property or Developed Property after such prepayment, such prepayment shall, from and after the date of such classification, be deemed to be a partial prepayment of the Special Tax obligation applicable to such Assessor's Parcel or portion thereof, as provided in Section J.2.B below and provided, further, that a prepayment may be made only if there is no delinquent Special Tax with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel of Existing Property intending to prepay the Special Tax obligation at the Existing Property rate shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the Existing Property Prepayment Amount (defined below) for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

As of the proposed date of prepayment, the Existing Property Prepayment Amount shall be calculated as follows:

#### **Paragraph No.:**

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.

2. Compute the Maximum Special Tax at the Existing Property rate applicable to the Assessor's Parcel to be prepaid.
3. (a) Divide the Maximum Special Tax at the Existing Property rate computed pursuant to paragraph 2 by the total estimated Assigned Special Tax and Maximum Special Tax for all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and the Maximum Special Tax for Existing Property within CFD No. 08-1, and  
  
(b) Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total estimated Backup Special Tax for Developed Property and Maximum Special Tax for Existing Property as of the date of the prepayment calculation for such parcel. For Update Developed Property, Approved Property and Update Approved Property estimate the Backup Special Tax using the then applicable amount computed pursuant to Section D (adjusted to reflect the reduction in Maximum Special Tax revenues from any Assessor's Parcels which have prepaid their Special Tax obligation in full or in part).
4. Continue the prepayment formula in Section J.1.A beginning with paragraph 4, except, that in all cases the larger quotient computed pursuant to paragraph 3(a) or 3(b) above shall be used instead of the larger quotient computed in 3(a) or 3(b) of Section J.2.A.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund or account established under the Indenture to be used with the next redemption of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 of Section J.1.A, the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls.

With respect to any Assessor's Parcel of Existing Property that is prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a prepayment of the Special Tax.

**B. Deemed Partial Prepayment upon Reclassification of Existing Property**

If all or a portion of an Assessor's Parcel of Existing Property for which the Special Tax at the Existing Property rate has been prepaid pursuant to Section J.2.A. is, pursuant to the terms hereof, subsequent to such

prepayment classified as Approved Property or Developed Property, such prepayment shall, from and after the date of such classification, be deemed to be, and for all purposes hereof and of any and all matters relating to CFD No. 08-1 and the Special Tax shall be, a partial prepayment of the Special Tax obligation applicable to such Assessor's Parcel or portion thereof, the amount of which partial prepayment shall be determined as provided below.

**(1) Developed Property**

For Developed Property, the percentage of the partial prepayment of the Special Tax obligation shall be calculated as follows:

**Paragraph No.:**

1. Compute the Maximum Special Tax applicable to the Assessor's Parcel at the time of the prepayment as if it were Existing Property.
2. Compute the total Assigned Special Tax applicable to the Assessor's Parcel (or if subdivided, for all subsequent Assessor's Parcels) based on the Assigned Special Tax for all Developed Property located on such Assessor's Parcel(s).
3. Compute the percentage of the prepaid Special Tax by dividing the amount computed pursuant to paragraph 1 by the amount computed pursuant to paragraph 2.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 – the percentage calculated in paragraph 3 above) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

**(2) Approved Property**

For Approved Property, the percentage of the partial prepayment of the Special Tax obligation shall be calculated as follows:

**Paragraph No.:**

1. Compute the Maximum Special Tax applicable to the Assessor's Parcel at the time of the prepayment as if it were Existing Property.
2. Compute the total Maximum Special Tax applicable to the Assessor's Parcel (or if subdivided, for all subsequent

Assessor's Parcels) based on the Maximum Special Tax for the Approved Property located on such Assessor's Parcel(s).

3. Compute the percentage of the prepaid Special Tax by dividing the amount computed pursuant to paragraph 1 by the amount computed pursuant to paragraph 2.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 – the percentage calculated in paragraph 3 above) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

The percentage calculated pursuant to this section shall only be applicable while the Assessor's Parcel is classified as Approved Property and shall be recalculated pursuant to Section J.2.B.(1) above at the time such Assessor's Parcel becomes Developed Property.

Notwithstanding the foregoing, no full or partial prepayment shall be allowed unless the amount of the Maximum Special Tax that may be levied on Taxable Property (excluding Taxable Property Owner Association Property and Taxable Public Property) within CFD No. 08-1 both prior to and after the proposed prepayment is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

**K. TERM OF SPECIAL TAX**

The Special Tax shall be levied on each Assessor's Parcel of Taxable Property for a period not to exceed forty years from the Fiscal Year in which such Assessor's Parcel is first classified as Developed Property or Existing Property, provided however, that for an Assessor's Parcel of Existing Property that is later reclassified as Approved Property or Developed Property, the forty year period shall be determined based on the Fiscal Year in which such Assessor's Parcel is first classified as Developed Property. Notwithstanding the foregoing no Special Tax shall be levied after Fiscal Year 2059-60.

**CITY OF ANAHEIM**  
**COMMUNITY FACILITIES DISTRICT NO. 08-1 (PLATINUM TRIANGLE)**  
**\$28,630,000 SPECIAL TAX BONDS, SERIES 2010**  
**\$60,000,000 SPECIAL TAX BONDS, SERIES 2016**

**ANNUAL REPORT**

The purpose of this report is to comply with the provisions of the Local Agency Special Tax and Bond Accountability Act (the “Act”). The Act provides that any local special tax measure that is subject to voter approval on or after January 1, 2001, that would provide for the imposition of a special tax by a local agency shall require the chief fiscal officer of the levying local agency to file a report with its governing body no later than January 1, 2002, and at least once a year thereafter. The annual report shall contain both of the following:

- The amount of funds collected and expended.
- The status of any project required or authorized to be funded as identified in subdivision (a) of Section 50075.1 and Article 1.5, Section 53410.

The City of Anaheim (the “City”) issued \$28,630,000 in Community Facilities District No. 08-1 Special Tax Bonds (the “2010 Bonds”) in August 2010. In August 2016, Community Facilities District No. 08-1 Special Tax Bonds (the “2016 Bonds”) were issued in the amount of \$60,000,000 to refund the Series 2010 Bonds and finance new facilities. The 2010 Bonds and 2016 Bonds were issued to finance the acquisition and construction of certain public facilities necessary for the development of the District including, street improvements including grading, paving, curbs and gutters, sidewalks, street signalization and signage, street lights and parkway and landscaping related thereto, sewers, storm drains, water facilities, electric utility facilities, fire facilities and equipment and land, and rights-of-way and easements necessary for any such facilities. The types of facilities proposed to be purchased as completed facilities are street improvements, including grading, paving, curbs and gutters, sidewalks, street signalization and signage, street lights and parkway and landscaping related thereto, sewers, storm drains, water facilities, and electric utility facilities.

Separate accounts have been established with a third party trustee to administer the receipt and subsequent disbursement of the bond proceeds, and special tax and prepayment revenues. Summary sheets showing the receipt of funds as well as all disbursements made during the reporting period (November 1, 2016 to October 31, 2017) are attached as a part of this report. The accounts established for the 2010 Bonds were closed and any remaining balances were transferred to the accounts established for the 2016 Bonds. Approximately \$24.7 million of bond-financed construction funds have been expended to date; an additional \$7.9 million in available special tax and prepayment revenues has also been expended on authorized facilities (see attached reimbursement worksheet for additional information).
