

Public Access Electric Vehicle Charging Station Rebate Program Reservation Request Form

GENERAL INFORMATION ABOUT THE REBATE RESERVATION REQUEST:

The City of Anaheim (City) is offering rebates to commercial, industrial, institutional, and municipal customers who install Level 2 or direct current (DC) fast plug-in electric vehicle (EV) charging stations in the common areas of multi-unit dwellings or other publicly accessible areas of their property. Customers who install new EV charging stations and comply with the Public Access Electric Vehicle (“EV”) Charging Station Rebate Program (“Program”) Agreement Terms and Conditions will be reimbursed for the actual cost of charging station equipment and installation expenses, up to a maximum of \$5,000 per charging station and up to an additional \$1,500 for City plan check fees. EV charging stations installed at schools recognized by the Orange County Department of Education or the Western Association of Schools and Colleges; multi-unit dwelling locations serving income qualified customers as defined by the State of California Health and Safety Code Sections 50052.5 and 50053¹ and/or the U.S. Department of Housing and Urban Development, Title 24 of the Code of Federal Regulations²; and publically accessible DC fast plug-in EV charging stations are eligible to be reimbursed for the actual cost of charging station equipment and installation expenses, up to a maximum of \$10,000 per charging station and up to an additional \$1,500 for City plan check fees. Funding for this Program is limited annually and rebates are limited to a maximum of ten (10) EV charging stations per customer per year. In addition to the applicable rebate, the City’s Public Utilities Department will pay the City permit fees associated with the EV charging stations.³

- Please read the Public Access Electric Vehicle Charging Station Rebate Program Agreement Terms and Conditions located on the City’s website carefully before filling out this Reservation Request.
