SUBJECT: Amendments to General Plan Update – Comments from Riverside Transit Agency (RTA)

Dear Mr Borrego:

Thank you for providing us information on CD-ROM about the amendments to the General Plan Update. A copy of our internal Planning Development Review Memo is enclosed for your information. In May 2003, RTA had commented previously on the Draft General Plan Update. RTA continues to operate a bus route, #149, from Downtown Riverside to the Mall of Orange, traveling about 8 miles through the City of Anaheim on the 91 Freeway but makes no stops in Anaheim. The route operates under special agreement with the Orange County transit agency.

5-1

RTA has found that the General Plan amendments more than adequately address transit issues, including Route 149's service. Indeed, the amendments tend to encourage transit agencies to explore other possible inter-county routes for the benefit of commuters. Other than that, RTA staff has no comments on the General Plan except to note that it appears to be a very complete and comprehensive guide for Anaheim's future development.

If you need further clarification or if I can be of further assistance, please call me at (909) 565-5164 or contact me online at [mmccoy@riversidetransit.com](mailto:mmccoy@riversidetransit.com).

Sincerely,
