

AUDIO VISUAL & TECHNICAL SERVICES

PSAV Presentation Services at the Anaheim Convention Center provides audiovisual equipment and expertise for meetings of any size. Reliable and creative solutions, outstanding customer service and superior technology make PSAV your number one choice.

AUDIO

Quality audio is vital to the success of any meeting. PSAV offers a variety of audio packages, digital audio recording services, microphones and speaker systems and will help select the right sound system for your event.

VISUAL

Today's audiences have sophisticated expectations. PSAV provides superior equipment and service to ensure the highest quality video, multi-media and slide material. Video recording packages and visual/screen packages are available.

LIGHTING

The correct lighting will make your event memorable and engaging. PSAV offers presenter lighting, set lighting, intelligent lighting and décor and lighting packages for the very simple to the most elaborate event.

RIGGING SERVICES

With its onsite office, PSAV Presentation Services is proud to serve as the exclusive in-house rigging contractor for the Anaheim Convention Center's meeting space. Our experienced production riggers use an on-site inventory of hoists, truss, hardware and scissor/boom lifts to manage your event from initial design to load out, saving you time and money.

The Anaheim Convention Center is equipped with a permanent rigging system. As part of a comprehensive overhead safety and risk management program, the system is periodically load tested and inspected. PSAV is required to approve all rigging designs and provide the rigging labor necessary to load in and load out any equipment attached to the facility's rigging system.
