Having lived in the City of Anaheim for over 15 years, I have been witness to some change within our city. Some has been great, but I feel as if some of change as not been well or maybe never matured. I am interested in serving as a representative of District 2 to bring a renewed understanding of what not only our district residents would like to see in our area, but in our great city as a whole.

To this great city, I am willing to dedicate my time and effort to help our city grow and continue shining. My son was born here, and he takes great pride in his home town. My personal background is that of a well rounded person, with knowledge in many fields and open to new innovations and changes that will not only bring our city into the future, but beyond. My experience in the field of journalism, along with my education and career journeys have given me the knowledge that it takes to make well thought out decisions that take account all aspects of situations, including risks and benefits.

I look forward to contributing with innovative ideas and solutions to our city's plans and resolving our city's problems.
