	---	---	
	---	---	
	---	---	
	---	---	
Masonry Retaining Wall	APWA	618-2 This standard applies only within public rights-of-way (not private property). For weep holes called out on sheet 3, place 1 ft ³ of 1/2" gravel, wrapped in filter fabric at each weep hole. If drainage is directed toward the top of wall, special design and approval for a concrete swale will be required by the City Engineer.
	---	---	
	---	---	
	---	---	
Concrete Block Slough Wall	COA	622	
Concrete Curb Slough Wall	COA	623	

<u>TITLE</u>	<u>AGENCY⁽¹⁾</u>	<u>NUMBER</u>	<u>COMMENTS</u>
