$$[(MADS \times 1.1) + AE - AST] \div BTA$$

MADS = The sum of the discounted maximum annual gross debt service for all Outstanding Bonds (including those Bonds currently being issued, if any).

MADS shall be computed by determining the Fiscal Year in which occurs the maximum aggregate annual gross debt service for all Bonds and discounting that amount from such Fiscal Year to the current Fiscal Year using a discount rate reflecting the actual rate of increase (if any) of the debt service on the Bonds.

AE = Estimated Administrative Expenses for the current Fiscal Year.

AST = The sum of the Assigned Special Tax that could be levied on all Developed Property in the current Fiscal Year, plus the Assigned Special Tax that could be levied in the current Fiscal Year for all Assessor's Parcels of Update Developed Property had they been classified as Developed Property in the current Fiscal Year, plus 90% of the Maximum Special Tax that could be levied on all Existing Property (excluding any Update Developed Property) in the current Fiscal Year.

BTA = The sum of the Acreage of property that is, as of the date of calculation, Approved Property (excluding Update Developed Property) that is within a Final Map, plus 85% of the Acreage of property that is, as of the date of calculation, Approved Property (excluding Update Developed Property) that is not within a Final Map, plus 85% of the Acreage of property that is, as of the date of calculation, Undeveloped Property (excluding Update Developed Property).

For the purpose of calculating the Backup Special Tax, the Acreage of a Condominium unit shall be computed from the Acreage of the lot or parcel on which the Condominium unit is located, with the Acreage for such lot or parcel allocated among all of the Condominium units located on such lot or parcel based on each Condominium unit's proportionate share of the total Tax Rate Factor for such lot or parcel as calculated by reference to Table 1.

In cases where a lot or parcel includes both Residential Property and Non-Residential Property (or Update Developed Property that will be classified as Residential Property or Non-Residential Property), the Acreage apportioned to each land use shall be based on that land use's share of the total Residential Floor Area and Non-Residential Floor Area on such parcel.

2. **Increase in the Backup Special Tax**

The Backup Special Tax determined pursuant to Section D.1.(a) shall be applicable for Fiscal Year 2008-09, and shall increase by two percent (2%) annually each Fiscal Year, commencing on July 1, 2009. The Backup Special Tax determined pursuant to Section D.1.(b) shall be applicable in the Fiscal Year it is calculated, unless it is recalculated in such Fiscal Year in connection with an issuance of CFD No. 08-1 Bonds or the annexation of property into CFD No. 08-1.

Except as provided in Section E below, when a building permit is issued for an Assessor's Parcel, its Backup Special Tax shall be permanently set based on the Backup Special Tax rate then in effect and said Backup Special Tax on such Assessor's Parcel shall increase by two percent (2%) each Fiscal Year, commencing on July 1, 2009, regardless of the issuance of additional CFD No. 08-1 Bonds or the annual recalculation of the Backup Special Tax.

If the Debt Service Coverage is less than 120% the Reduction Percentage shall equal 0%.

1. Initial Determination of Reduction

On the first April 1 following the date that (i) all authorized Bonds have been issued or the Council has adopted a resolution determining that CFD No. 08-1 will not issue any additional Bonds (except refunding Bonds in accordance with the Act) and (ii) the Council has adopted a resolution determining that the Special Tax will no longer be levied to pay directly for the acquisition or construction of improvements identified in the Implementation Plan including those improvements referred to as "unfunded," the CFD Administrator shall determine if all of the following are true:

- (a) The balance in the reserve fund established under the Indenture is at or above the Reserve Requirement;

- (b) CFD No. 08-1 is not in default in the payment of interest on and principal of all Outstanding Bonds;
- (c) Debt Service Coverage for each Fiscal Year from the Fiscal Year commencing on the July 1 next succeeding such Initial Determination Date or Subsequent Determination Date to and including the Fiscal Year ending on the June 30 next preceding the final maturity date of the Outstanding Bonds is at least equal to 100%; and
- (d) The delinquency rate as of June 30 of the prior Fiscal Year for Special Taxes levied for each prior Fiscal Year did not exceed ten percent (10%) of the amount levied for such Fiscal Year.

If all four of the above items are true, then the Assigned Special Tax and Backup Special Tax for all parcels of Developed Property and the Maximum Special Tax for all parcels of Existing Property, Approved Property, Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property shall be reduced by the amount, if any, determined in Section E.3.

If any one of the four items is not true as of the first April 1 following the date that all authorized Bonds have been issued or the Council has adopted a resolution determining that CFD No. 08-1 will not issue any additional Bonds (except refunding Bonds in accordance with the Act), then the CFD Administrator shall continue to make such determination each following April 1, until all of the tests are met.

The first April 1 on which all four items are true shall be considered the Initial Determination Date.

2. Subsequent Determination of Reduction

On each April 1 for nine consecutive years following the Initial Determination Date, the CFD Administrator shall determine if all four of the items in Section E.2 are true.

If all four items are true as of such Subsequent Determination Date, then the Assigned Special Tax and Backup Special Tax for all parcels of Developed Property and the Maximum Special Tax for all parcels of Existing Property, Approved Property, Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property shall be reduced by the amount, if any, determined in Section E.3.

- (d) Determine the Reduction Percentage.

The Assigned Special Tax for each Land Use Class of Developed Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

The Maximum Special Tax for Existing Property and Approved Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

The Maximum Special Tax for Undeveloped Property, Taxable Public Property, and Taxable Property Owner Association Property for the Fiscal Year commencing on the July 1 following the applicable Initial Determination Date or Subsequent Determination Date shall be reduced from the amount that otherwise would have been in effect pursuant to this RMA by a percentage amount equal to the Reduction Percentage.

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, the levy of the Special Tax for each Assessor's Parcel of Approved Property and Existing Property shall be increased Proportionately at up to 100% of the Maximum Special Tax for Approved Property or Existing Property, as applicable;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement after the first four steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

Sixth: If additional monies are needed to satisfy the Special Tax Requirement after the first five steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property at up to 100% of the Maximum Special Tax for Taxable Property Owner Association Property, as applicable; and

Seventh: If additional monies are needed to satisfy the Special Tax Requirement after the first six steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property at up to 100% of the Maximum Special Tax for Taxable Public Property.

Notwithstanding the above, under no circumstances shall the Special Tax levied against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased by more than 10% as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 08-1.

G. EXEMPTIONS

In accordance with law, property owned by a public agency at the time of formation of CFD No. 08-1 (excluding all property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act) shall be exempt from the Special Tax so long as such property continues to be owned by a public agency.

In addition, no Special Tax shall be levied in any Fiscal Year on up to 50 Acres of property that is classified for such Fiscal Year as Property Owner Association Property or Public Property that is within the Original CFD Property. Tax-exempt status will be assigned by the CFD Administrator in the chronological order in which property becomes Property Owner Association Property or Public Property.

No Special Tax shall be levied on Public Property that is not within the Original CFD Property.

Property Owner Association Property or Public Property that is not exempt from the Special Tax under this section shall be classified as Taxable Property Owner Association Property or Taxable Public Property and be subject to the levy of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

H. APPEALS

Any property owner claiming that the amount or application of the Special Tax is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the City Council and the decision of the City Council shall be final. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

I. MANNER OF COLLECTION

The Special Tax shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 08-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations.

J. PREPAYMENT OF SPECIAL TAX

The Special Tax may be prepaid as described below.

The following definitions apply to this Section J:

"CFD Public Facilities Capacity" means, as of any date, the sum of any construction proceeds previously generated and construction proceeds expected to be generated from future bond issues that can be supported from expected Special Tax revenues from all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and Existing Property within CFD No. 08-1 less estimated annual Administrative Expenses; provided however, that as of the date of formation of CFD No. 08-1, the CFD Public Facilities Capacity shall equal \$154.8 million; and provided further, that the CFD Public Facilities Capacity shall not exceed \$221.3 million in 2007 dollars, as escalated by the Construction Inflation Index on July 1, 2008, and on each July 1 thereafter. The CFD Administrator shall determine the CFD Public Facilities Capacity as of the date of each prepayment.

"Construction Fund" means a fund or account, however denominated, specifically identified in the Indenture to hold funds which are available for expenditure to acquire or construct public facilities eligible for financing by CFD No. 08-1 under the Act, including funds resulting from the levy of Special Taxes to pay directly for the acquisition or construction of authorized facilities.

"Construction Inflation Index" means, for a Fiscal Year, the annual percentage change in the Engineering News-Record Building Cost Index for the City of Los Angeles, measured as of the calendar year which ends in the previous Fiscal Year. In the event this index ceases to be published, the Construction Inflation Index shall be another index as determined by the CFD Administrator that is reasonably comparable to the Engineering News-Record Building Cost Index for the City of Los Angeles.

"Future Facilities Costs" means, as of any date, the CFD Public Facilities Capacity minus (i) public facility costs previously paid from the Construction Fund, (ii) moneys currently on deposit in the Construction Fund, and (iii) moneys currently on deposit in an escrow fund that are expected to be available to finance public facilities costs. Notwithstanding the foregoing, if the Council makes a covenant for the benefit of the owners of Bonds, that no additional Bonds (other than refunding Bonds issued under the Act) payable from the Special Tax will be issued by CFD No. 08-1, the Future Facilities Costs shall be reduced to \$0.

"Outstanding Bonds" means, for purposes of this Section J, all Bonds which are deemed to be outstanding under the Indenture after the first interest and/or principal payment date following the current Fiscal Year.

"Reserve Fund" means the fund established under the Indenture as a reserve for the payment of principal of, and interest and any premium on, the Bonds.

1. Developed Property and Update Developed Property

A. Prepayment in Full

The Special Tax on any Assessor's Parcel of Developed Property or Update Developed Property may be prepaid and permanently satisfied. The Special Tax obligation applicable to such Assessor's Parcel in CFD No. 08-1 may be fully prepaid and the obligation of the Assessor's Parcel to pay the Special

Tax permanently satisfied as described herein; provided that a prepayment may be made only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the Prepayment Amount (defined below) for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

The Prepayment Amount shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
Total:	equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be calculated as follows:

Paragraph No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
2. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax applicable for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Update Developed Property, compute the Assigned Special Tax and Backup Special Tax for that Assessor's Parcel as though it were already classified as Developed Property, based upon the building permit which has already been issued for that Assessor's Parcel.
3. (a) Divide the Assigned Special Tax computed pursuant to paragraph 2 by the total estimated Assigned Special Tax and Maximum Special Tax for all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and Existing Property within CFD No. 08-1, and

(b) Divide the Backup Special Tax computed pursuant to paragraph 2 by the total estimated Backup Special Tax for Developed Property and Maximum Special Tax for Existing Property as of the date of the prepayment calculation for such parcel. For Update Developed

Property, Approved Property and Update Approved Property estimate the Backup Special Tax using the then applicable amount computed pursuant to Section D or Section E (adjusted to reflect the reduction in Maximum Special Tax revenues from any Assessor's Parcels which have prepaid their Special Tax obligation in full or in part).

4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be paid or redeemed (the "*Bond Redemption Amount*").
5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
6. Compute the current Future Facilities Costs.
7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "*Future Facilities Amount*").
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
9. Determine the Special Tax levied on the Assessor's Parcel in the current Fiscal Year which has not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Amount and the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "*Defeasance Amount*").
12. Verify the administrative fees and expenses of No. 08-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
13. The reserve fund credit (the "*Reserve Fund Credit*") shall equal the lesser of: (a) the expected reduction in the Reserve Requirement, if any, associated with the redemption of Outstanding Bonds as a result of the prepayment, or (b) the amount derived by subtracting the new

Reserve Requirement in effect after the redemption of Outstanding Bonds as a result of the prepayment from the balance in the Reserve Fund established under the Indenture on the prepayment date, but in no event shall such amount be less than zero.

14. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amount computed pursuant to paragraph 13 (the "*Prepayment Amount*").
15. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11, and 13 shall be deposited into the appropriate fund or account as established under the Indenture and be used to redeem Outstanding Bonds or make debt service payments thereon. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 08-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund or account established under the Indenture to be used with the next redemption of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel on which the Special Tax is prepaid and permanently satisfied pursuant hereto, the Council shall cause a notice of cancellation of special tax lien to be recorded in compliance with the Act, to indicate the prepayment and permanent satisfaction of such Special Tax and the cancellation of the Special Tax lien on such Assessor's Parcel.

B. Prepayment in Part

The Special Tax on any Assessor's Parcel of Developed Property and Update Developed Property may be partially prepaid. The amount of the prepayment shall be calculated as in Section J.1.A, except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

PP = the partial prepayment
P_E = the Prepayment Amount calculated according to Section J.1.A
F = the percent by which the owner of the Assessor's Parcel is partially prepaying the Maximum Special Tax

A = the Administrative Fees and Expenses according to Section J.1.A

An owner of an Assessor's Parcel intending to partially prepay the Special Tax obligation shall provide the CFD Administrator with (i) written notice of intent to partially prepay and (ii) the percentage of the Special Tax to be prepaid. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the partial Prepayment Amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall (i) distribute the funds remitted to it according to Section J.1.A. and (ii) indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

2. Existing Property

A. Prepayment

The Special Tax at the Existing Property rate on any Assessor's Parcel of Existing Property may be prepaid. The Special Tax obligation at the Existing Property rate applicable to such Assessor's Parcel in CFD No. 08-1 may be prepaid and the obligation of the Assessor's Parcel to pay the Special Tax at the Existing Property rate satisfied as described herein; provided that if all or any portion of such Assessor's Parcel is, pursuant to the terms hereof, classified as Approved Property or Developed Property after such prepayment, such prepayment shall, from and after the date of such classification, be deemed to be a partial prepayment of the Special Tax obligation applicable to such Assessor's Parcel or portion thereof, as provided in Section J.2.B below and provided, further, that a prepayment may be made only if there is no delinquent Special Tax with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel of Existing Property intending to prepay the Special Tax obligation at the Existing Property rate shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the Existing Property Prepayment Amount (defined below) for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this calculation.

As of the proposed date of prepayment, the Existing Property Prepayment Amount shall be calculated as follows:

Paragraph No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.

2. Compute the Maximum Special Tax at the Existing Property rate applicable to the Assessor's Parcel to be prepaid.
3. (a) Divide the Maximum Special Tax at the Existing Property rate computed pursuant to paragraph 2 by the total estimated Assigned Special Tax and Maximum Special Tax for all current Developed Property, Update Developed Property (assuming it is taxed as Developed Property), Approved Property (assuming it is taxed as Developed Property), Update Approved Property (assuming it is taxed as Developed Property), and the Maximum Special Tax for Existing Property within CFD No. 08-1, and

(b) Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total estimated Backup Special Tax for Developed Property and Maximum Special Tax for Existing Property as of the date of the prepayment calculation for such parcel. For Update Developed Property, Approved Property and Update Approved Property estimate the Backup Special Tax using the then applicable amount computed pursuant to Section D (adjusted to reflect the reduction in Maximum Special Tax revenues from any Assessor's Parcels which have prepaid their Special Tax obligation in full or in part).
4. Continue the prepayment formula in Section J.1.A beginning with paragraph 4, except, that in all cases the larger quotient computed pursuant to paragraph 3(a) or 3(b) above shall be used instead of the larger quotient computed in 3(a) or 3(b) of Section J.2.A.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund or account established under the Indenture to be used with the next redemption of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 of Section J.1.A, the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls.

With respect to any Assessor's Parcel of Existing Property that is prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a prepayment of the Special Tax.

B. Deemed Partial Prepayment upon Reclassification of Existing Property

If all or a portion of an Assessor's Parcel of Existing Property for which the Special Tax at the Existing Property rate has been prepaid pursuant to Section J.2.A. is, pursuant to the terms hereof, subsequent to such

prepayment classified as Approved Property or Developed Property, such prepayment shall, from and after the date of such classification, be deemed to be, and for all purposes hereof and of any and all matters relating to CFD No. 08-1 and the Special Tax shall be, a partial prepayment of the Special Tax obligation applicable to such Assessor's Parcel or portion thereof, the amount of which partial prepayment shall be determined as provided below.

(1) Developed Property

For Developed Property, the percentage of the partial prepayment of the Special Tax obligation shall be calculated as follows:

Paragraph No.:

1. Compute the Maximum Special Tax applicable to the Assessor's Parcel at the time of the prepayment as if it were Existing Property.
2. Compute the total Assigned Special Tax applicable to the Assessor's Parcel (or if subdivided, for all subsequent Assessor's Parcels) based on the Assigned Special Tax for all Developed Property located on such Assessor's Parcel(s).
3. Compute the percentage of the prepaid Special Tax by dividing the amount computed pursuant to paragraph 1 by the amount computed pursuant to paragraph 2.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 – the percentage calculated in paragraph 3 above) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

(2) Approved Property

For Approved Property, the percentage of the partial prepayment of the Special Tax obligation shall be calculated as follows:

Paragraph No.:

1. Compute the Maximum Special Tax applicable to the Assessor's Parcel at the time of the prepayment as if it were Existing Property.
2. Compute the total Maximum Special Tax applicable to the Assessor's Parcel (or if subdivided, for all subsequent

Assessor's Parcels) based on the Maximum Special Tax for the Approved Property located on such Assessor's Parcel(s).

3. Compute the percentage of the prepaid Special Tax by dividing the amount computed pursuant to paragraph 1 by the amount computed pursuant to paragraph 2.

With respect to any Assessor's Parcel that is partially prepaid, CFD No. 08-1 shall indicate in the records of CFD No. 08-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax equal to the outstanding percentage (1.00 – the percentage calculated in paragraph 3 above) of the remaining Maximum Special Tax shall continue to be levied on such Assessor's Parcel pursuant to Section F.

The percentage calculated pursuant to this section shall only be applicable while the Assessor's Parcel is classified as Approved Property and shall be recalculated pursuant to Section J.2.B.(1) above at the time such Assessor's Parcel becomes Developed Property.

Notwithstanding the foregoing, no full or partial prepayment shall be allowed unless the amount of the Maximum Special Tax that may be levied on Taxable Property (excluding Taxable Property Owner Association Property and Taxable Public Property) within CFD No. 08-1 both prior to and after the proposed prepayment is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

K. TERM OF SPECIAL TAX

The Special Tax shall be levied on each Assessor's Parcel of Taxable Property for a period not to exceed forty years from the Fiscal Year in which such Assessor's Parcel is first classified as Developed Property or Existing Property, provided however, that for an Assessor's Parcel of Existing Property that is later reclassified as Approved Property or Developed Property, the forty year period shall be determined based on the Fiscal Year in which such Assessor's Parcel is first classified as Developed Property. Notwithstanding the foregoing no Special Tax shall be levied after Fiscal Year 2058-59.
