

Name: JOHN KARCZYNSKI

Occupation: Businessman/Nonprofit Chairman

I am running for City Council because I believe Anaheim is a Great City. I also believe there is more we can do to make our city even greater.

As your councilman I will,

Work with Police and Fire to Increase Services and Response times by hiring additional police officers and Fire Personnel. I will ensure our city is using the most technologically advanced equipment.

Work to expand Code Enforcement and Neighborhood Services. Our Residents have a right to live in safe, clean neighborhoods.

Encourage cooperation between city government and school districts to improve education and after school programs.

Work with the Chamber of Commerce to ensure we have laws and programs to create the jobs we need for a Healthy economic community.

Maintain an open door policy and make myself available to all Anaheim residents.

I am a 3rd generation resident of Anaheim and my community involvement includes, Anaheim Rotary, Chance Theater, West Anaheim Neighborhood Development Committee, Canyon Hills Community Council, Leadership Anaheim and President of Montanera Slopes Homeowners' association

I consider public office an honor and respectfully request your support.
