*If the incentive is to be paid to the installer/contractor and/or retailer of the TES system, the applicant must provide a written and signed explanation of the applicant's arrangement with the payee.

Agreement Clause (please read carefully before signing)

I agree as follows: **1)** To provide the itemized, paid proof of purchase (sales slip or invoice). **2)** Rebates are subject to availability of funds. **3)** Rebate may be credited towards any delinquent (as currently defined by the Electric Rates, Rules and Regulations for the City of Anaheim) utility bill(s) for which the customer is responsible whether the account(s) is open or closed. **4)** From date of installation, I agree to maintain the equipment at a location in the City of Anaheim for a minimum of five years. **5)** To allow Anaheim, after providing the customer with reasonable prior notice, to conduct a site inspection during normal business hours of the referenced TES system for each year after award of the rebate. **6)** The system carries a five-year or better warranty by provider on the TES components. **7)** The City of Anaheim may withhold payment of any rebate until satisfaction of any or all of the above listed conditions are met. **8)** All environmental attributes (including, but not limited to Renewable Energy Certificates, Green Tags, etc.) generated by the funded thermal energy system will be transferred to the City of Anaheim Public Utilities. **9)** Number of units per location are limited to 10, unless approved by the Program Manager.
