

FOR YOUR BUSINESS

Greener Cleaners Incentive Program

A special program for Anaheim dry cleaning businesses

Receive up to \$6,000 for upgrading to energy-efficient, environmentally friendly equipment. To be eligible, equipment must (1) save energy and (2) eliminate the use of the dry cleaning solvent perchloroethylene, which is being phased out by the South Coast Air Quality Management District. Qualifying businesses can receive \$2,000 per unit for up to three units of equipment purchased and installed in a calendar year. You will achieve a reduction in upfront equipment costs *and* future electric bills. You will also help preserve the environment, and your customers will feel good about patronizing a Greener Cleaner.

How the Program Works

1. Contact us to confirm eligibility and schedule a free survey of your existing equipment. Our representative will help you fill out the required reservation form.
2. You will have 90 days to select, purchase and install your new equipment. When you select your new equipment, our representative will work with the manufacturer to determine the energy savings over your existing equipment.
3. Upon completion of installation, contact us to schedule an inspection.
4. You will receive your incentive check within 45 days of our inspection to verify installation and our receipt of a copy of your paid invoice.

Program Criteria

1. Small business customers who receive electricity from Anaheim Public Utilities are eligible.
2. Replacement equipment must not be removed from Anaheim for three years after receipt of incentive.
3. To be eligible, equipment does not have to be of a specific type or made by a specific manufacturer, as long as it saves energy and eliminates perchloroethylene.

Lists of potential vendors are available through agencies such as the California Air Resources Board (www.arb.ca.gov 916/322-2990) and the South Coast Air Quality Management District (www.aqmd.gov 800/CUT-SMOG). These agencies may also provide additional funding. Their program requirements may differ from Anaheim's.

To learn more, confirm eligibility, schedule a free survey, or for help with reservation form call 765-4259 or [e-mail](#) our *Advantage Services* representative.

(Subject to available funding.)

FOR YOUR BUSINESS

*To verify eligibility and schedule a survey,
fill out this form and mail or fax it to us.
Our representative will contact you.
