

THE CALIFORNIA CLIMATE ACTION REGISTRY CONGRATULATES

ANAHEIM PUBLIC UTILITIES

ON BECOMING A *CLIMATE ACTION LEADER*™

www.climateregistry.org

By joining the CALIFORNIA CLIMATE ACTION REGISTRY, **Anaheim Public Utilities** demonstrated concern for global climate change, one of the most important environmental issues facing us today.

Now, by becoming a **Climate Action Leader**, they are taking a stand by voluntarily measuring, certifying, and reporting their greenhouse gas emissions – not just to the CALIFORNIA CLIMATE ACTION REGISTRY, but to the public.

Congratulations to **Anaheim Public Utilities** on becoming a **Climate Action Leader** and helping us to manage the risk of climate change for generations to come.
