

Flooding

- 6 inches of moving water can sweep you off your feet
- 12 inches can carry off a small vehicle
- 18 to 24 inches can carry off a large vehicle
- Flash floods are the No. 1 cause of weather-related deaths
- More than half of yearly flood-related deaths occur in vehicles

- Monitor local weather
- Stay away from flood control channels
- Don't drive through standing or moving water
- Track weather during advisory, watch and warning notices

- Be prepared; it is predictable.
- Have a plan and follow it when the time comes!
- Be self-sufficient for 72 hours — stock your kits
- Educate yourself today: www.ReadyOC.org

Sandbag before it Rains!
