Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and City Council
City of Anaheim, California:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Anaheim, California (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 20, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Honorable Mayor and City Council
City of Anaheim, California:

Report on Compliance for Each Major Federal Program

We have audited the City of Anaheim, California's (the City's) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each

major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2016, and the related notes of the financial statements, which collectively comprise the City's basic financial statements. We have issued our report thereon dated December 20, 2016 which contained an unmodified opinions on the financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF ANAHEIM, CALIFORNIA

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2016

(1) General

The accompanying schedule of expenditures of federal awards (the Schedule) presents the activity of all federal award programs of the City of Anaheim, California (the City). The Schedule includes federal awards received directly from federal agencies as well as federal awards passed through the state of California and other agencies. The City's reporting entity is defined in note 1 to the City's financial statements. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to, and does not, present the financial position, changes in net position, or cash flows of the City.

(2) Basis of Accounting

The Schedule is presented using the modified accrual basis of accounting, which is described in the notes to the City's financial statements.

(3) Relationship to Financial Statements and Federal Financial Reports

Information reported in the Schedule agrees with the amounts reported in both the financial statements and related federal financial reports for the major federal programs. Revenues from federal award programs are reported in the financial statements as operating and capital grant revenues in the government-wide financial statements and intergovernmental revenues in the fund statements, except for the Housing and Urban Development (HUD) Section 108 guaranteed loan, which is reported as other financing sources – issuance of debt and long-term debt payable.

(4) Guaranteed Loan Outstanding

At June 30, 2016, the City and Successor Agency to the Former Anaheim Redevelopment Agency (Successor Agency) shared a total outstanding guaranteed loan balance of \$17,888,000 with the U.S. Department of Housing and Urban Development under their Section 108 Loan Guarantee Program (CFDA No. 14.248). Below is a breakdown of debt service payments and outstanding balances of respective loans for the fiscal year 2016.

	Outstanding balance, July 1, 2015 a	Addition b	Principal payments c	Interest payments d	Total payments e= (c+d)	Outstanding balance, June 30, 2016 f= (a+b-c)
HUD 108 Guaranteed Loans:						
Successor agency:						
Westgate (\$4M)	\$ 2,129,000	—	231,000	109,331	340,331	1,898,000
Westgate (\$6M)	4,755,000	—	330,000	264,966	594,966	4,425,000
Capital projects (\$7M)	5,691,570	—	332,343	207,375	539,718	5,359,227
Subtotal	12,575,570	—	893,343	581,672	1,475,015	11,682,227
City:						
Capital projects (\$8M)	6,513,430	—	307,657	241,707	549,364	6,205,773
Total	\$ 19,089,000	—	1,201,000	823,379	2,024,379	17,888,000

CITY OF ANAHEIM, CALIFORNIA
Notes to Schedule of Expenditures of Federal Awards
Year ended June 30, 2016

(5) Indirect Cost Rate

The City did not elect to use the 10% de minimis indirect cost rate as discussed in the Uniform Guidance Section 200.414. For the sponsored programs where the City claims indirect costs, the City's internal indirect cost rate is used.

CITY OF ANAHEIM, CALIFORNIA
Schedule of Findings and Questioned Costs
Year ended June 30, 2016

(1) Summary of Auditors' Results
