## CITY OF ANAHEIM MAYOR

**NAME:** CYNTHIA WARD

**AGE: 52**  
**(Optional)**

**OCCUPATION:** Cemetery District Trustee

Fulfilling Anaheim's unlimited potential should be the only "special interest" pursued at City Hall. I'm Cynthia Ward, I'm an Anaheim native, and I'm running for Mayor to build on Tom Tait's principled commitments to direct public funds for public benefit, not private profits.

I have a proven track record for standing with Mayor Tait against hotel subsidies, the Stadium District controversy and the streetcar project. As a public official, I've fully funded pension obligations and helped negotiate pension reform for union workers at the government agency I lead. Now let's make a difference for Anaheim.

Together we will draft a Strategic Plan, Anaheim's first in decades, creating stability, accountability, and goals for the future we can all celebrate, including real citywide solutions for the homeless crisis, not excuses.

You can count on me to fight for you. You've seen me do it for years as a "citizen watchdog," one reason why I am endorsed by your neighbors, Anaheim businesses, and elected officials. But I can't fight alone. The time has come for all of us, together, to seize Anaheim's unmet potential with both hands.
