

# Candidate Statement of Qualifications

## CITY OF ANAHEIM CITY COUNCIL DISTRICT 3

**NAME:** JOSE F. MORENO **AGE: 48**  
(Optional)  
**OCCUPATION:** Councilmember/University Professor

I would be honored to receive your vote to continue serving the people of Anaheim.

We have begun a new era in our city. For too many years, our political system favored crony corporate interests over the needs of our neighborhoods. I was elected in 2016 to bring balance to our city.

I actively engaged residents, schools, and businesses through meetings, forums, and coffee chats. You asked for policies emphasizing greater transparency, inclusiveness, and responsiveness, and I listened.

I championed local government focused on:

### Transparency

- Ended corporate tax giveaway policies
- Created Lobbyist Registry ordinance
- Fought for broader notification of city projects

### Inclusiveness

- Reformed City Commissions to represent Anaheim Districts
- Established Youth and Senior Commissions
- Held community-based budget workshops

### Responsiveness

- Addressing high cost of housing for families and seniors
- Secured 4 acres of downtown space for park development
- Championed pedestrian safety near schools & parks
- Coyote Management Plan
- Neighborhood lighting and improvement walks

I oppose homeless encampments. Let's restore neighborhoods and human dignity by leveraging resources for secure shelters with life-rebuilding services.

Endorsed by Mayor Tom Tait and cross-sections of local civic leaders.

We've accomplished many successes in just 18 months, but we have much more to do.

#forwardtogether
