Jennifer, thank you but unfortunately this is not what I was looking for. I am working on a large development on Harbor Blvd and interested to know how much sales volume the restaurants in this area are doing. Data by restaurant would be the most helpful. The attached map (JPEG) covers both City of Anaheim and City of Garden Grove. If you can provide me sales tax revenue received for each restaurant over the past couple of years, that would be excellent.

My client is developing a large project that will have 40,000+ SF of new restaurant uses. Time is of the essence and your help would be greatly appreciate.
