

# Electric Vehicle Fleet Charger and Infrastructure Rebate Pilot Program Reservation Form

## GENERAL INFORMATION ABOUT THE REBATE RESERVATION REQUEST:

The City of Anaheim (City) is offering rebates through the EV Fleet Charger and Infrastructure Rebate Pilot Program (“Program”) to promote fleet electrification. This Program is open to (a) commercial customers (“Business” or “Businesses”); and (b) K-12 Schools customers recognized by the Orange County Department of Education and Western Association of Schools and Colleges (“School” or “Schools”). Subject to funding availability, the City will pay rebates to Businesses and Schools which meet the Program requirements, including but not limited to, a minimum of five (5) and maximum of ten (10) networked Level 2 or greater EV chargers (“EV Charger” or “EV Chargers”) per assessor parcel number (“Site” or “Parcel”), either leased or owned by the Business or School, for use of their electric vehicle fleets.

Funding for this Program is limited annually and rebates are limited to a maximum of ten (10) EV Chargers per year. Business fleet customers receive: (1) \$5,000 per EV Charger; (2) up to \$45,000 per Site for associated EV Charger infrastructure upgrades; and (3) up to \$5,000 for associated sub-meter installation costs. School customers receive: (1) \$10,000 per EV Charger; (2) up to \$95,000 per Site for associated EV Charger infrastructure upgrades; and (3) up to \$5,000 for associated sub-meter installation costs. In addition to the rebate, the City will pay, on a per Reservation basis, the applicable City permit fees, and rebate (1) City plan check fees of up to \$1,500 and (2) electric service connection fees of up to \$2,000.

Please read the Electric Vehicle Fleet Charger and Infrastructure Rebate Pilot Program Agreement Terms and Conditions located on the City’s website carefully before filling out this Reservation Request.

**Choose whether you will request a sub-meter installation rebate:**

- Yes, I hereby request a rebate for associated sub-meter installation costs
- No, I do not request a rebate for sub-meter installation costs (NOTE: This selection allows Customer to retain any LCFS credits for your installation; however, Customer will be unable to participate in any Electric Vehicle Time-of-Use rates, including, Developmental Schedule D-EV-2 (Developmental Non-Domestic Electric Vehicles) or any subsequent rate).

To begin this process, please fill out and submit this Rebate Reservation form to: [EVRebates@anaheim.net](mailto:EVRebates@anaheim.net) OR Mail to: **Anaheim Public Utilities EV Fleet Charger and Infrastructure Rebate Pilot Program 201 South Anaheim Blvd., Suite 801, Anaheim, CA 92805**

- Once your Reservation Request has been approved, the Program Manager will return a copy of this form with your Rebate Reservation Number listed at the bottom of this form, which must be included with your signed EV Fleet Charging Station Rebate Pilot Program Agreement (Agreement). The approved Reservation Request will expire six (6) months after its approval. However, the Program Manager may extend the Reservation Request expiration date for up to an additional three (3) months for good cause including, but not limited to, delayed receipt of equipment or construction delays.
- After installation of the minimum required EV Chargers occurring no later than the Reservation Request expiration period, Customer must have the Agreement in order to receive a rebate n, otherwise the Reservation will be forfeited.
- If you have any questions, please contact the Program Manager at **714.765.4952** or [EVRebates@anaheim.net](mailto:EVRebates@anaheim.net)
- Program funds are limited and subject to available funding.
