REASONS WHY PROJECT IS EXEMPT: The Anaheim City Council, at its meeting on April 13, 2021, evaluated the project's potential environmental impacts and determined that the proposed project qualifies for a Class 1 Categorical Exemption from the California Environmental Quality Act (CEQA). This exemption applies to projects that consist of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. This exemption applies to the proposed transitional housing residence because it would operate within an existing single-family residence without any physical expansion of the existing structure. Therefore, the proposed project is categorically exempt from the provisions of CEQA.
