FOR INFORMATION ONLY, the Department of Public Works is advertising for bids to rehabilitate or abandon existing Utility Water Vault Nos. 26, 33, and 55 as specified on the plans and specifications. This work consists of the abandonment and/or removal of two (2) existing water transmission line vaults, installation of new water valves to replace abandoned vaults, and the rehabilitation of one (1) existing water transmission line vault, to include replacement of valves, piping, other appurtenances, and connections to existing 36-inch water main. Other elements include replacement of asphalt paving, sidewalk, curb & gutter, and/or landscaping disturbed by construction, and any appurtenant work needed to complete project scope.

This project is not covered "Project Work" as defined in the Community Workforce Agreement. Water-related Project Work covered by the CWA is defined and limited to large water main replacements and large water pump- station projects, and the scope of this project includes the rehabilitation of water transmission line vaults.

Project Funding Source: Public Utilities Department's FY 2021/22 Water Capital Improvement Program.

10% bid bond required. Required License Classification: "A" – General Engineering. Liquidated Damages will be Five Hundred Dollars (\$500.00) per day.
