Anaheim Circulation Element Update Survey

The City of Anaheim is updating its Circulation Element, which documents its vision for the citywide transportation network. The Circulation Element sets the policies for a transportation network that supports the safe and efficient movement of people driving, walking, biking, and taking transit in Anaheim.

Please take a few minutes to tell us about your experiences traveling in the city and what your priorities are for the city's transportation network. Your feedback will help inform the policies and improvements that the Circulation Element will include.

Please check the project website [HERE](#) for future updates. If you have any questions about the survey or the project, please contact City staff at circulationelement@anaheim.net. If you would like to receive project updates and information about upcoming workshops, please provide your e-mail address below.
