## CONSTRUCTION & DEMOLITION WASTE DIVERSION APPLICATION INFORMATION

Materials generated from construction projects must be recycled to meet statutory obligations under various State legislation and California Green Building Codes, which require 65% of all debris to be diverted from the landfill.

To meet reporting obligations, the City of Anaheim requires individuals pulling permits with construction and demolition debris to provide information on where the materials will be taken and the percentage of materials diverted from the landfill.

A Construction & Demolition Waste Diversion Application must be submitted **BEFORE** a permit may be issued. Submit applications by email to [C&DApplication@anaheim.net](mailto:C&DApplication@anaheim.net).

There are two options to be compliant in reporting recycling of your C&D materials:

### **Options "A" - Use Republic Services – City's franchise trash hauler**

If you utilize Republic Services to dispose of your debris (rent a dumpster or utilize their transfer station), you are in compliance and do not need to provide additional diversion reporting.

### **Options "B" - Not Using Republic Services**

If you will be hauling your construction and demolition materials, you are required to complete/provide the following:

- Complete a Construction & Demolition Waste Diversion application to obtain your permit.
- Save all dump and/or recycling receipts.
- You cannot schedule a final inspection if you have not submitted the following:
  - a. Submit updated Construction & Demolition Waste Application forms
  - b. Include all receipts for each commodity or material
  - c. Complete recycling information (location, materials)
  - d. Actual percentage of recycled materials, no less than 65%
  - e. Allow two (2) business days for processing

## Sample Material Handling Diversion Form

Total Estimated Waste Generated by Project: \_\_\_\_\_ tons/cubic yards  
 (Ask your hauler, recycler or site cleanup vendor to assist you)

					<b>COMPLETE BEFORE FINAL INSPECTION</b>
MATERIAL	AMOUNT GENERATED	% RECYCLED	% DISPOSED	VENDOR OR C&D FACILITY	ACTUAL % RECYCLED/ COMMENTS*
Asphalt/Concrete					
Dirt					
Brick / Masonry					
Metals					
Doors, windows, cabinets, fixtures					
Painted wood, drywall					
TRASH					
Other (list)					

**Comments regarding less than 65% diversion:**

Example: Fire damaged materials are not recyclable!

---

---

---

Prior to final inspection email documentation including all receipts of all recycling and disposal or a report from the recycling contractor identifying the amount of waste recycled and disposed to [mmcgee@Anaheim.net](mailto:mmcgee@Anaheim.net). **The Building Inspector will not final your project until documentation has been submitted and approved by the Public Works Department, Operations Division, (714) 765-6802 or at [mmcgee@Anaheim.net](mailto:mmcgee@Anaheim.net).**

**Clean, broken asphalt Fee Exemption**

Clean, broken asphalt can also be taken free of charge to any of OC Waste & Recycling's three landfills. To qualify: loads must be two-axle, self-unloading dump truck or larger or trailer with dump capacity. No hand unloading. Please contact the landfill for more information:

**Olinda Alpha Landfill (Brea) – (714) 993-0372**

**Frank R. Bowerman Landfill (Irvine) – (949) 262-2420**

**Prima Deshecha Landfill (San Juan Capistrano) – (949) 728-3040**

**If you would like to be added to this list please contact us at the phone number above.**
