

City of Anaheim  
**PUBLIC UTILITIES DEPARTMENT**

7-19-10

**Subject:** Scheduled Electrical Outage Notification

Dear Customer/Occupant,

Anaheim Public Utilities (APU) is scheduling an electrical outage due to developer activities affecting your circuit. The electrical service shutdown of the circuit to your facility/residence is scheduled for **Tuesday, September 15, 2010**. This outage is required in order for APU to safely upgrade existing electrical facilities to **201 S Anaheim Blvd**. APU's crews/contractor will begin work at **8:00 AM** and are expected to be completed by approximately **2:00 PM**. We recommend that you turn off as many electrical appliances as possible including computer equipment prior to this scheduled outage.

Please be advised that should an electrical emergency occur elsewhere in the City, APU may be called to respond and will have to postpone this outage with or without advance notice to you. Under that circumstance, an APU representative will contact you for a new outage date and time.

I may be contacted at the number listed below if you have any questions or concerns related to this project. Thank you for your cooperation.

Sincerely,

Tony Mai  
Principal Electrical Engineer  
Anaheim Public Utilities
