REGISTRATION OF HOME OCCUPATION

I, _____, residing at _____ Anaheim, CA _____ (Zip Code)

do hereby certify that I propose to establish, at this address, the following described home-based business:

(Describe the business, e.g. administrative office for gardening services, online sales, accounting, etc.)

I further certify that the above described home-based business (home occupation) will be conducted in compliance with the applicable provisions of the Anaheim Municipal Code, including the following:

Code Section 18.92.110 DEFINITION

"Home Occupation. An occupation incidental to and subordinate to the principal residential use and located on the same lot with such residential use." Home occupations shall be permitted accessory uses in all residential zones, and in commercial and industrial (C-R, C-G, and I) zones, provided said home occupations (permitted only in a structure originally intended for and currently used as a single-family or multiple-family residence) comply with the following provisions of Code Section 18.38.130:

- .010 No person other than members of the resident family shall engage in the home occupation.
- .020 No significant increase in pedestrian or vehicular traffic shall be generated by the home occupation. For purposes of interpretation, more than 6 total vehicles or 8 total people per day relating to the home occupation shall be conclusively deemed a significant increase in traffic.
- .030 No more than a single vehicle used primarily in the conduct of the home occupation may be parked or stored on the public street or anywhere on the subject property other than in an enclosed garage. That single vehicle shall have a weight not in excess of ten thousand (10,000) pounds "gross vehicle weight rating" and dimensions that do not exceed eight (8) feet in total outside width, or seven (7) feet in height, or twenty-one (21) feet in bumper-to-bumper length. Commercial vehicles used in the home occupation that are parked or stored on the premises shall not be visible from any public street or right-of-way. For purposes of this section, a "Commercial Vehicle" is defined as a vehicle with commercial license plates that is not designed and used for recreational and domestic purposes.
- .040 No outdoor storage of materials and/or supplies or other outdoor activity related to the home occupation shall be permitted. Enclosed storage of home occupation materials and/or supplies is permitted with the following restrictions:
 - .0401 Storage of supplies or equipment used in the home occupation may be permitted in a garage, if the storage does not diminish the usable parking space as required by Chapter 18.42 (Parking and Loading).
 - .0402 Trailers or tractors weighing one (1) ton or less that are used in the home occupation shall be stored entirely within an enclosed garage, and are subject to the provisions of subsection .0501 above. Trailers, tractors or trucks in excess of one (1) ton and all wheeled construction equipment shall not be permitted on the premises.
 - .0403 Storage of hazardous waste, noxious materials, chemicals, pharmaceuticals or other substances that may constitute a nuisance shall not be permitted on the premises.
- .050 No exterior aspect of the residential structure shall allow the home occupation to be reasonably recognized as a non-residential use.
- .060 No noise, odor, dust, vibration, fumes or smoke caused by a home occupation shall be readily discernible at the lot boundaries, and the use shall not adversely affect surrounding residents.
- .070 No home occupation shall cause an electrical disturbance that shall adversely affect the property of another person.
- .080 The home occupation shall be operated in conformance with all applicable laws.

I further understand that any violation of the above provisions may result in criminal prosecution by the City of Anaheim in accordance with Section 18.90.120 (Penalties for Violation of Regulations - General)

SB 205 Business Licenses Stormwater Discharge Compliance Form

Business License No.: _____ - _____

California Senate Bill No. 205 (SB 205) approved in October 2019 mandates “regulated” industrial facilities demonstrate enrollment under the State Water Resources Control Board’s (SWRCB) Industrial General Permit (IGP) **prior to being issued** a new or renewed business license. To meet the requirements of SB 205, businesses applying for a business license within the City of Anaheim (City) must **complete** and **submit** the questionnaire below. Please note industrial businesses are primarily regulated based on their Standard Industrial Classification Code (SIC Code) defined in Attachment A of the IGP. Additional information is included in the California Industrial Activities Storm Water General Permit Fact Sheet.

Questionnaire

Business Name: _____

Business Address: _____

Provide a Brief Description of Business Activities: _____

Provide required primary SIC Code(s): _____

		Circle One
1	Does your Primary SIC Code(s) match any of the regulated SIC Codes defined in Attachment A of the IGP (excluding Transportation Facilities)?	Yes or No
2	Is your facility a Transportation Facility (SIC Codes 40XX-45XX except 4221-25 and 5171) <u>AND</u> do you have a vehicle maintenance shop or cleaning operations?	Yes or No
3	Is the facility subject to storm water Effluent Limitations Guidelines, New Source Performance Standards, or Toxic Pollutant Effluent Standards Found in 40 Code of Federal Regulations, Chapter I, Subchapter N?	Yes or No
4	Does the facility treat, store, or dispose of hazardous waste operating under interim status or a general permit under Subtitle C of the Federal Resource, Conservation, and Recovery Act (RCRA)?	Yes or No
5	Does the facility generate steam for electric power through the combustion of coal, oil, wood, etc.?	Yes or No
6	Is the facility a sewage or wastewater treatment works with a design flow of one million gallons per day or more or require an approved pretreatment program?	Yes or No

If you answered “yes” to any of the questions above, your facility requires coverage under the IGP.
 Provide the applicable information below:

ATTACHMENT A

FACILITIES COVERED BY NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) GENERAL PERMIT FOR STORM WATER DISCHARGES ASSOCIATED WITH INDUSTRIAL ACTIVITIES (GENERAL PERMIT)

1. Facilities Subject To Storm Water Effluent Limitations Guidelines, New Source Performance Standards, or Toxic Pollutant Effluent Standards Found in 40 Code of Federal Regulations, Chapter I, Subchapter N (Subchapter N):

Cement Manufacturing (40 C.F.R. Part 411); Feedlots (40 C.F.R. Part 412); Fertilizer Manufacturing (40 C.F.R. Part 418); Petroleum Refining (40 C.F.R. Part 419), Phosphate Manufacturing (40 C.F.R. Part 422), Steam Electric (40 C.F.R. Part 423), Coal Mining (40 C.F.R. Part 434), Mineral Mining and Processing (40 C.F.R. Part 436), Ore Mining and Dressing (40 C.F.R. Part 440), Asphalt Emulsion (40 C.F.R. Part 443), Landfills (40 C.F.R. Part 445), and Airport Deicing (40 C.F.R. Part 449).
2. Manufacturing Facilities:

Facilities with Standard Industrial Classifications (SICs) 20XX through 39XX, 4221 through 4225. (This category combines categories 2 and 10 of the previous general permit.)
3. Oil and Gas/Mining Facilities:

Facilities classified as SICs 10XX through 14XX, including active or inactive mining operations (except for areas of coal mining operations no longer meeting the definition of a reclamation area under 40 Code of Federal Regulations. 434.11(1) because the performance bond issued to the facility by the appropriate Surface Mining Control and Reclamation Acts authority has been released, or except for areas of non-coal mining operations which have been released from applicable State or Federal reclamation requirements after December 17, 1990) and oil and gas exploration, production, processing, or treatment operations, or transmission facilities that discharge storm water contaminated by contact with or that has come into contact with any overburden, raw material, intermediate products, finished products, by-products, or waste products located on the site of such operations. Inactive mining operations are mining sites that are not being actively mined, but which have an identifiable owner/operator. Inactive mining sites do not include sites where mining claims are being maintained prior to disturbances associated with the extraction, beneficiation, or processing of mined material; or sites where minimal activities are undertaken for the sole purpose of maintaining a mining claim.
4. Hazardous Waste Treatment, Storage, or Disposal Facilities:

Hazardous waste treatment, storage, or disposal facilities, including any facility operating under interim status or a general permit under Subtitle C of the Federal Resource, Conservation, and Recovery Act.
5. Landfills, Land Application Sites, and Open Dumps:

Landfills, land application sites, and open dumps that receive or have received industrial waste from any facility within any other category of this Attachment; including facilities subject to regulation under Subtitle D of the Federal Resource, Conservation, and Recovery Act, and facilities that have accepted wastes from construction activities (construction activities include any clearing, grading, or excavation that results in disturbance).
6. Recycling Facilities:

Facilities involved in the recycling of materials, including metal scrapyards, battery reclaimers, salvage yards, and automobile junkyards, including but limited to those classified as Standard Industrial Classification 5015 and 5093.
7. Steam Electric Power Generating Facilities:

Any facility that generates steam for electric power through the combustion of coal, oil, wood, etc.
8. Transportation Facilities:

Facilities with SICs 40XX through 45XX (except 4221-25) and 5171 with vehicle maintenance shops, equipment cleaning operations, or airport deicing operations. Only those portions of the facility involved in vehicle maintenance (including vehicle rehabilitation, mechanical repairs, painting, fueling, and lubrication) or other operations identified under this Permit as associated with industrial activity.
9. Sewage or Wastewater Treatment Works:

Facilities used in the storage, treatment, recycling, and reclamation of municipal or domestic sewage, including land dedicated to the disposal of sewage sludge, that are located within the confines of the facility, with a design flow of one million gallons per day or more, or required to have an approved pretreatment program under 40 Code of Federal Regulations part 403. Not included are farm lands, domestic gardens, or lands used for sludge management where sludge is beneficially reused and are not physically located in the confines of the facility, or areas that are in compliance with Section 405 of the Clean Water Act.
