

Personal Use Electric Vehicle Charger Rebate

Application

Anaheim Public Utilities (APU) is offering rebates to Customers (both residential and business) who install Level 2 (240-Volt) plug-in Electric Vehicle (EV) Chargers (Charger) at their residences or businesses for personal use only. Customers will be reimbursed for out-of-pocket expenses. Please select all applicable rebates you are applying for below:

- Up to \$400 per any Level 2 EV Charger for Customers not participating in a Developmental Domestic Time of Use Rate, Developmental Domestic EV Rate, or Developmental Non-Domestic EV Rate
- Up to \$1,000 per Networked Charger and the Customer must also sign up for a Developmental Domestic Time of Use Rate, Developmental Domestic EV Rate, or Developmental Non-Domestic EV Rate as applicable
- An additional \$2,000 for upgrading service, electrical panels, and other items related to obtaining service to EV Chargers, subject to APU approval – for Customers who are on an applicable Developmental Domestic EV Rate or Developmental Non-Domestic EV Rate

HOW TO APPLY

- Fill out an application for each EV Charger and attach all of the following required documents:
 - A photo of the installed EV charging station
 - A photo of the serial number on your EV Charger
 - A copy of your Anaheim Public Utilities bill
 - All charging station purchase and installation receipts
 - A copy of your Building Permit showing final
 - (Date on Receipts must be within one year of purchase)*
- Submit the documents to: **Anaheim Public Utilities – Personal Use Electric Vehicle Charger Rebate Program**
201 South Anaheim Blvd., Suite #801, Anaheim, CA 92805
- If you have any questions, please contact the Program Manager at **714.765.4250** or **EVRebates@anaheim.net**

PERSONAL USE ELECTRIC VEHICLE CHARGER REBATE PROGRAM GUIDELINES

- Anaheim Public Utilities does not warrant, endorse or assume liability for the quality, performance or safety of the Customer selected contractor and/or retailer or wholesaler. Performance of any product and acceptance of materials used is solely the Customer's responsibility.
- Applicant agrees that any incentive may be credited towards any delinquent (as currently defined in the City of Anaheim *Rates, Rules and Regulations*) utility bill(s) for which the Customer is responsible for, whether the account(s) is open or closed.
- Applicant is responsible for obtaining all required permits from the City of Anaheim.
- Applicant must receive electric service from Anaheim Public Utilities.
- Applicant must submit all required documents listed to be eligible for a rebate.
- Applicant understands and agrees that Anaheim Public Utilities may inspect the installed EV Charger before the incentive is paid.
- Maximum of 2 EV Charger rebates per Customer.
- Prior to installation, the applicant is responsible for meeting all Program requirements and for checking with state, county or city governments and homeowner's associations (if any) regarding:
 - Codes
 - Conditions
 - Ordinances
 - Restrictions
 - Rules and regulations
- The EV Charger must be installed within Anaheim Public Utilities service area.
- For Customers applying for an additional \$2,000 rebate for upgrading service, electrical panels, and other items related to obtaining service to EV Chargers must be enrolled in a Developmental Domestic Electric Vehicles Rate or Developmental Non-Domestic Electric Vehicles Rates. The incentive offer is on a first-come, first-served basis and is effective until funding is expended or the Program is discontinued.
